Mrinal Mallik

Php Laravel Developer

in https://www.linkedin.com/in/mrinal-mallik-abb1b1233/

https://github.com/mrinal975

I have four year experience. I intend to establish myself as an IT personnel with an integrated business solution provider, contributing to the company's growth and in turn ensuring personal growth within the organization. I believe that my technical, functional and communication skills will enable me in facing the challenging career ahead.
